To Whom It May Concern:

I am writing on behalf of Julie Jensen, who is currently filling the role of Autism Specialist in one of our Setting III ASD classrooms.

Julie Jensen has many effective characteristics. Personal qualities such as warmth, gentleness, patience, and determination all contribute to her effectiveness in working with children. I have always found Julie deeply involved in the learning experiences of her students. Julie's classroom continually reflects her enthusiasm and genuine love for students. Julie is always willing to reflect, seek out feedback, and adjust any part of her lesson she thought could be improved to better meet the individual needs of each student. She truly works to meet the needs of her unique and at times challenging students.

Julie Jensen is a promising teacher. I am confident she will be successful in any Elementary Special Education setting. She has a strong desire to succeed at whatever she does. Julie has high expectations for herself and those with whom she works. I recommend Julie Jensen as a teacher in your school. If you have any questions, please call.

Sincerely,

Steven K. Abrahamson
