Fargo, ND 58103

January 2019

Dear Administrator,

Please consider my application for a teaching position at your school. With five years of classroom experience, a growth-mindset, flexibility to teach multiple subjects and grade levels, and the desire to provide all students with a progressive and engaging education, I am confident in my ability to be a positive asset to your school. As an experienced educator, I have had the privilege of teaching a diverse group of preschool students. I implement effective teaching strategies to accommodate different learning styles and meet students' needs, with the goal of developing successful citizens.

One of my strengths as an educator is classroom management. I establish a sincere rapport with all students and make certain they receive consistency, nurturing, and positive reinforcement. Another asset that I possess is my extensive training in and experience of special education, specifically in learning disabilities. Although I have not completed the second bachelor's degree in education, I do currently qualify for a license at the second tier given the combination of experience and coursework.

I have been teaching at Bethesda All Stars, which is a four-star parent aware rated preschool and child care center, for over 10 years. During this time, I have grown professionally a tremendous amount. In my classroom, I have developed my skills in lesson planning along with evaluating student growth and development. I have faced many challenging behaviors and gained a great perspective for strategies to diffuse situations and help students work through their individual struggles.

Growing up in a small town, I value their warmth and sense of belonging; and so I am looking to relocate from Fargo, ND and find one to plant roots in. The schools are the heart of these towns and becoming a member of a school community located in a smaller rural town is important to me. I develop and sustain strong working relationships with faculty members and maintain consistent positive communication with parents. I look forward to having the opportunity to discuss my qualifications with you in further detail, as I am confident I would be a valuable addition to your school. Thank you for your time and consideration.

Respectfully yours,

Christina Zimmerman
