---

April 15, 2020

To Whom it May Concern:

I have been in a formal leadership position the last six years and have served as a teacher leader during my entire tenure. My leadership related experiences include Dean of Students, Instructional Coach, and Interim Assistant Principal all within the Stillwater Area Public Schools system.

I have worked to develop strong working relationships and provide instructional leadership by promoting and supporting professional growth through collaboration and coaching. As a team, staff members and I have examinee data and programs, researched best practices, and evaluated assessment trends to inform our decisions and work toward continual improvement in teaching and learning.

My professional goals include providing a comprehensive and personalized experience for all students, being accessible to collaborate with other educators, providing meaningful communication to families, and continually learning to be informed and able to make challenging decisions.

Please review my enclosed resume to examine my credentials. I look forward to meeting with you in the near future.

Sincerely,

Jackie Collins
