To Whom It May Concern:

I am writing this letter of recommendation for Mr. Gerald Oehler. I have had the honor of working with Gerald over the past three years in my both my current position as the ALC Principal as well as the District's Digital Learning Coordinator.

Gerald would be an excellent addition to any school district. He is motivated to continue his learning and willing to share his different experiences with others. During his tenure with District 518, he has led both the district curriculum and staff development committees. He has led building professional development opportunities as well as district wide professional development days.

The past year I have been fortunate to have collaborated with Gerald as he led small curriculum teams through Understanding by Design (UbD). The teams through his trainings have created new courses for both the elementary and the high school and are the standard for all new classes in the future. Gerald has also taken a lead with my teachers, conducting a need's assessment to assist us as we update our school improvement plan.

Mr. Oehler has the intellect, passion, and 21<sup>st</sup> century skills to be an outstanding teacher and leader, and I highly recommend him without reservation to join your academic team. Although I am sad to see him leave our school district, I know he will continue to be a great leader in your school. Feel free to contact me with any further questions you may have concerning Mr. Oehler as a candidate for your school district.

Barry Fischer

Worthington, District 518 ALC Principal
