To Whom it May Concern:

Please consider this a letter of recommendation for Janna Lundein. I have known Janna for approximately 3 years, and I believe she would be a fantastic asset to any school.

Janna and I both teach Talented and Gifted students in the Oskaloosa Community School district. She has continuously demonstrated a strong ability to work cooperatively with others to take our program to the next level. Janna takes initiation to make sound, research-based decisions for the betterment of our students and community.

While working together, I observe that Janna possesses a very strong knowledge base in a variety of subjects; she is, quite frankly, a very intelligent individual. I am constantly impressed by her ability to not only make connections with students, but to create a learning environment that fosters individual growth and independence. It is very obvious that Janna enjoys working with students and strives to teach to the whole child.

I truly enjoy working with Janna, and I would gladly work alongside her again. I believe she should be considered for any teaching position at your school, and your students would be very fortunate to have her. If you have any questions, please do not hesitate to call.

Respectfully,

Dawn Deffenbaugh
TAG Instructor
Oskaloosa Elementary School
